

OMID COMPANIES GROUP

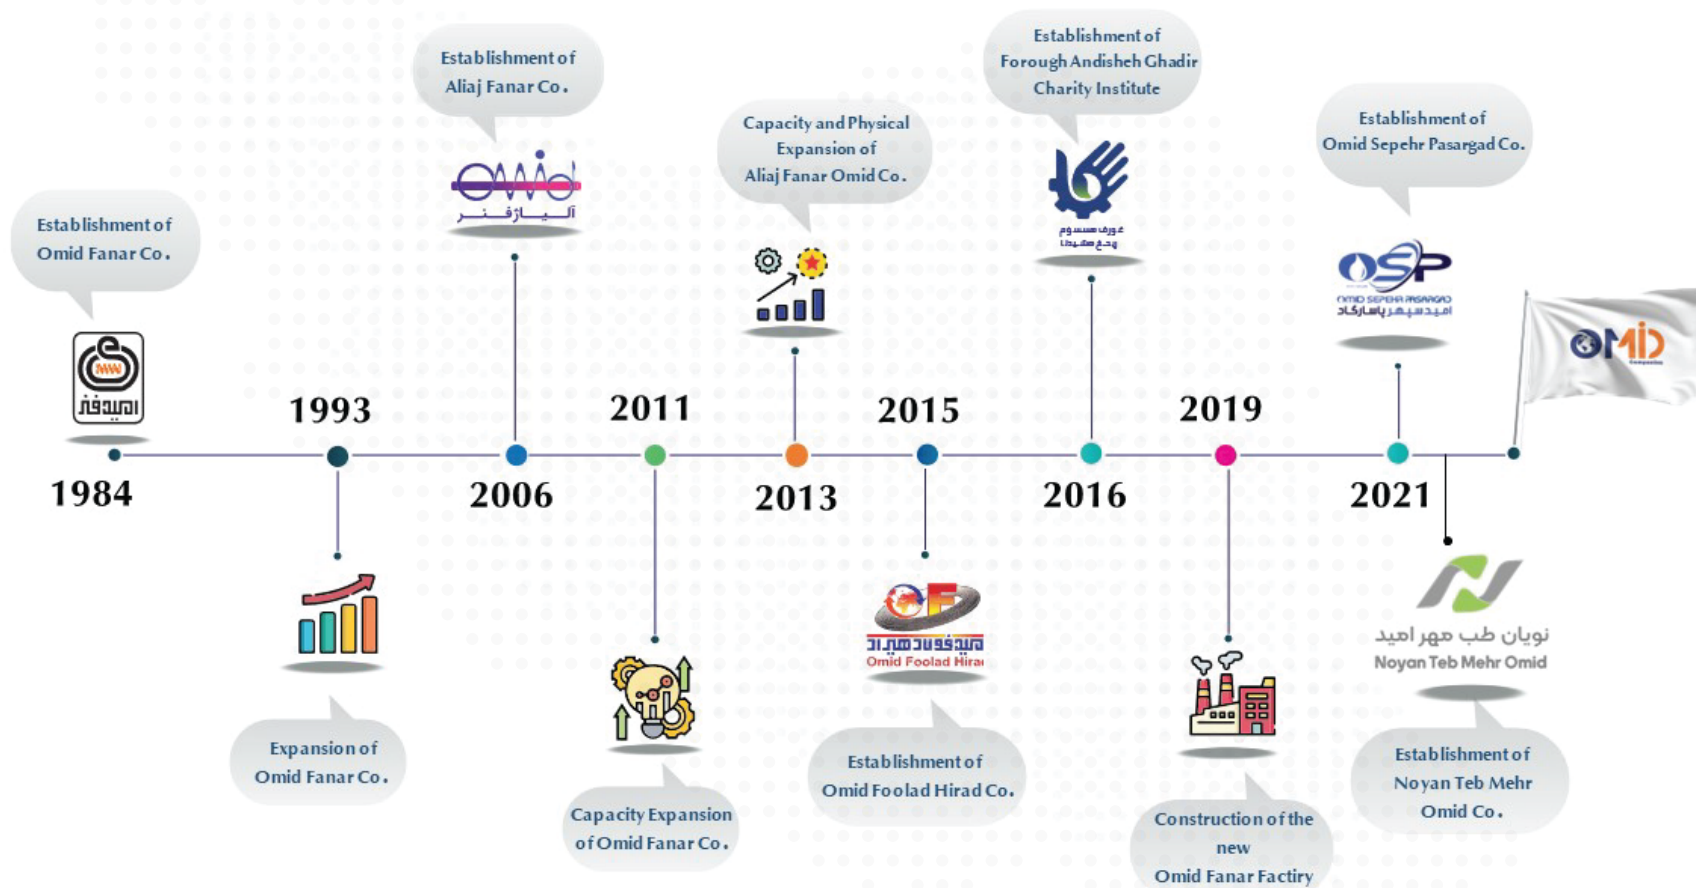

An ancient background, a dynamic thought

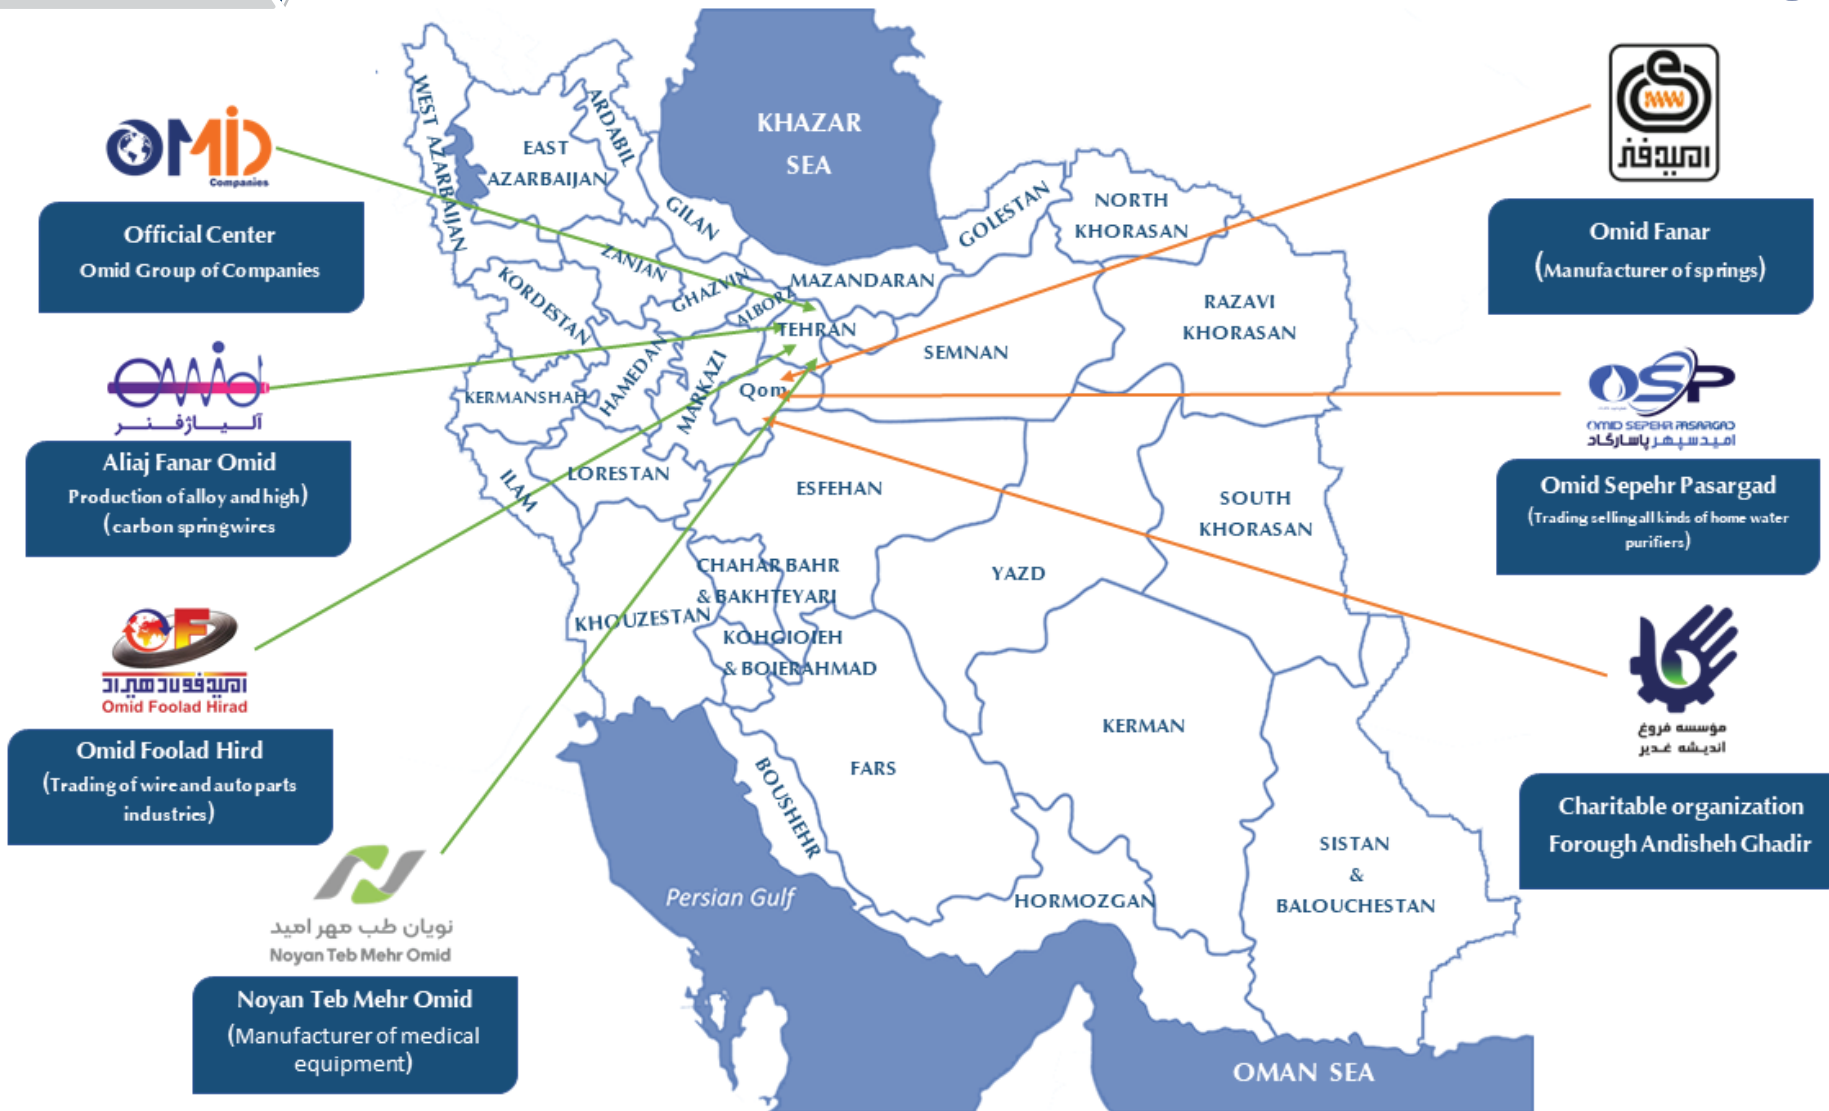

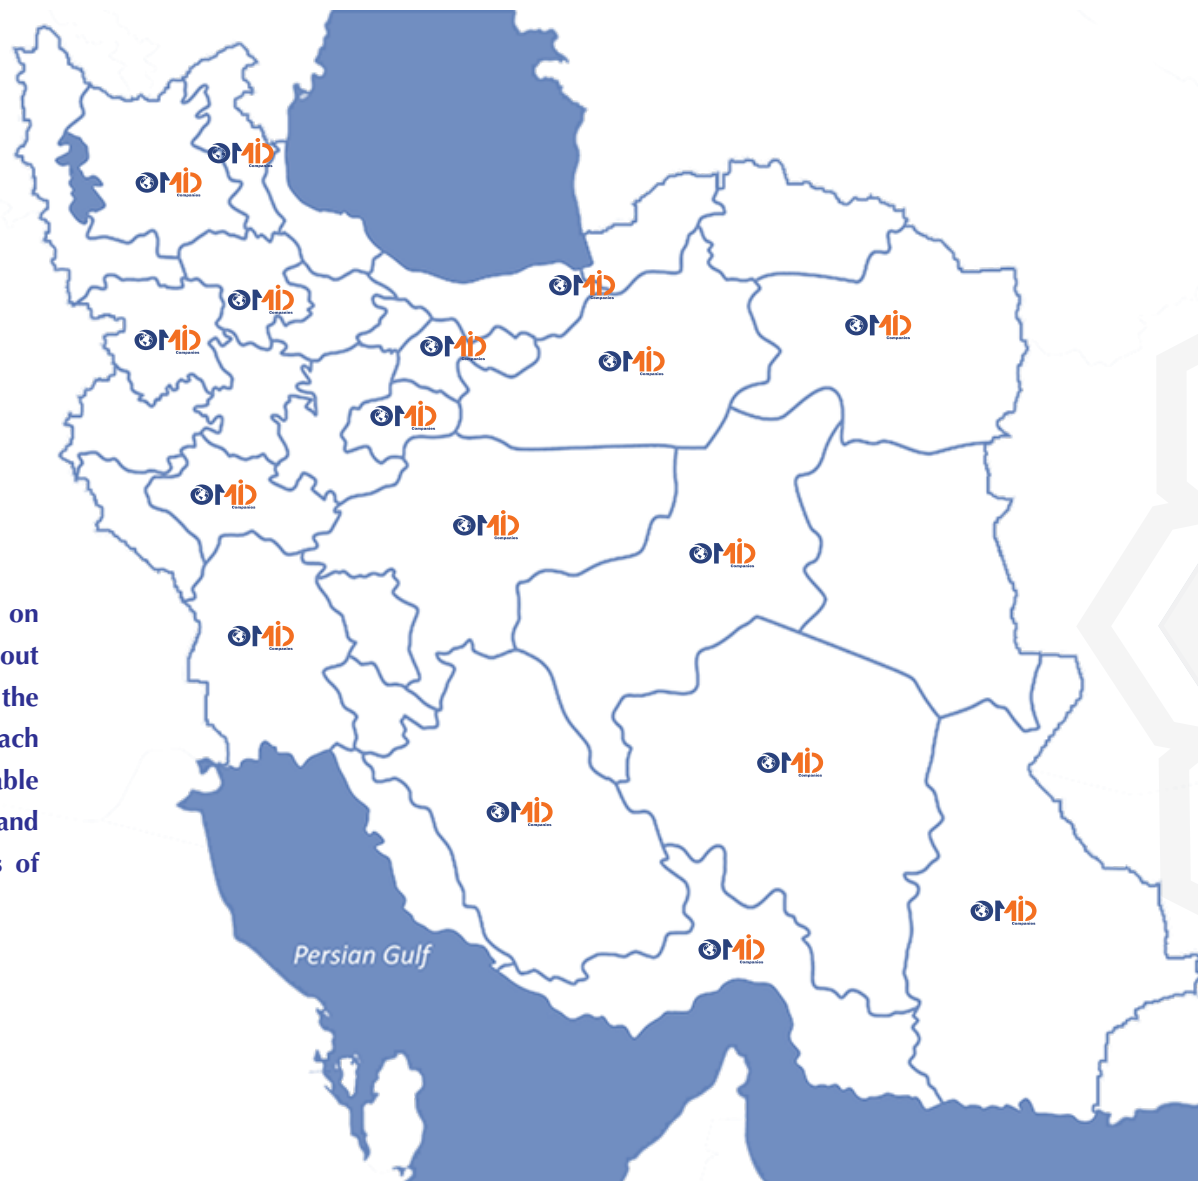

Omid Group of Companies was born in 1983 with the establishment of Omid Fanar Industrial Company and with the creation of its new members, Omid Fanar Aliaj Fanar Omid Companies, Omid Foolad Hiran Company, Omid Sepehr Pasargad and Forough Andisheh Ghadir Charity Institute were developed. The members of this group, as one of the oldest industrial activists in the country, have always played an important role in the production and supply of the needs of the automotive and home appliances industries. . . . They have played and tried to minimize the dependence of different industries of the country on the import of various types of industrial roller springs and various types of steel wires.

Omid Group Companies, relying on its network of agencies throughout the country, and respecting the business environment of each geographical region enjoys favorable conditions in order to maintain and develop the market in the fields of their activities.

Mission

Supply, production of household water purifiers Machines. 5

Providing, producing and supply of dental implants. 6

Self-sufficiency, technology development and employment in the fields of activity. 7

Serving and helping the needy and creating employment. 8

Design, production, supply of all kinds of helical, spiral and forming springs. 1

Production of all kinds of steel wires. 2

Providing and supply of car spare parts. 3

Dealing all kinds of steel wires. 4

Omid Group Companies are proud that by creating and developing competitive advantages and providing appropriate services, it has been able to gather a large number of customers in its collection and by establishing CRM systems, it has taken steps to achieve maximum customer satisfaction.

Omid Group Companies, is going to reach first Place in related industrial and Products by using the classical approach of strategy and relying on the empowerment of human resources and the use of new technologies and sustainable management of supply chain and the effective management implementation systems.

Omid Fanar Industrial Company

www.omidfanar.com

Production of industrial springs for automotive, oil and gas, home appliances, research, aerospace, military and medical industries from wire diameter 0.1 mm to 16 mm

Products

Year of establishment: 1384

Total area: 60,000 m²

Total number of employees: 250 people

Number of quality engineering staff: 17 people

Number of research and development staff: 4 people

Number of factory employees: 200 people

Number of headquarters staff: 50

accurate Measurement Instruments
Springs Special Tests Unique Instruments

The Only Reference Laboratory for Spring Tests that certified by ISO 17025

Field of Services :

- Automotive Industries
- Agricultural Industries
- Petroleum & Gas Industries
- Office Furniture Industries
- Railway Industries
- Electrical & Construction Industries
- Home Appliances industrial

Main Clients :

- Iran Khodro (Local OEM), direct supplier
- Saipa (Local OEM), direct supplier
- Bahman Motors (Local OEM), direct supplier
- Iran Khodro Diesel (Local OEM), direct supplier
- More than 150 manufacturers of auto parts, direct supplier

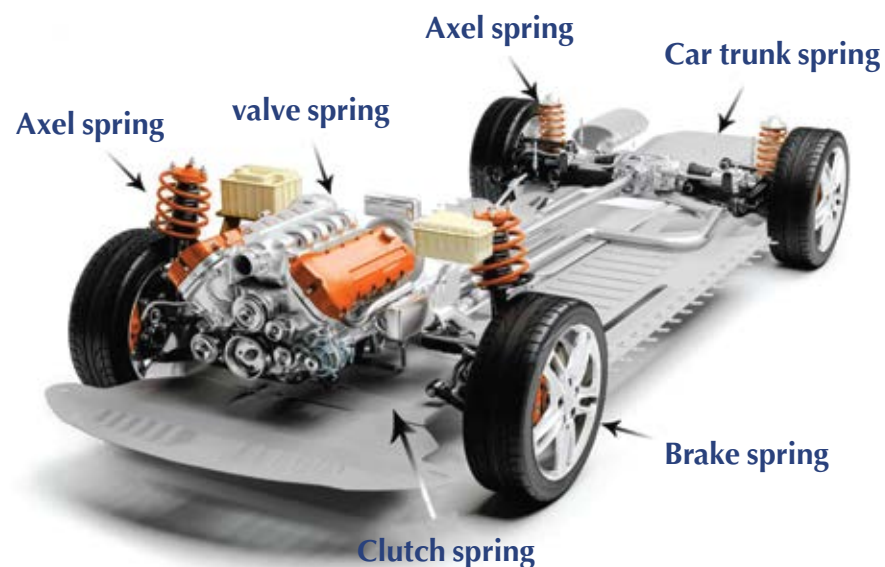

Direct supply of production lines domestic car manufacturers

Market share	Spring type
Over 80%	Suspension springs System
Over 80%	Engine valve springs
Over 80%	Clutch springs

- Production of more than 400 technical numbers for the direct Consumption of automotive industry 1 Tier or 2 Tier
- Providing services to more than 200 industrial and manufacturing companies in Iran

Aliaj Fanar Omid co

www.Aliajfanar.com

This company started working in **2006** with the launch of high carbon wire drawing line. The production line of alloy wires for suspension springs was launched in **2010** for the first time in the Middle East in order to make the country self-sufficient in production and prevent the import of these products.

Products manufactured by the company

- 1- Production of car suspension spring alloy wires from size 00.7 to 00.61 mm
- 2- Production of high carbon wires from size 5.0 to 00.21 mm in LS-MS-HS grades
- 3- Production of pre-stretched PC-BAR wires from size 00.7 to 06.21

Year of establishment: 2006

Factory area 1, Shams abad ,Tehran: 10,000 m²

Factory area ۲ ,Mahmoud Abad ,Qom: 40,000 m²

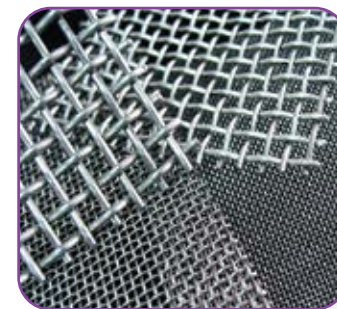

number of employees: 70 people

number of quality engineering staff: 8 people

number of R&D employees: 3 people

Types of industrial springs

Industrial welded wire mesh

Industrial brushes

Spool steel wire

Stainless steel coiled wire

- Equipment for evaluating tensile strength and reduction of cross-sectional area and percentage of length increase
- HRC and HV hardness testing equipment
- Metallographic equipment
- Online Eddy Current equipment in all production lines (online tracking)
- Accurate dimensional measurement equipment

امید فولاد هیراد
Omid Foolad Hirad

www.omidfoolad.com

General field of activity: Omid Foolad Hiran Company was established in 2015 with the aim of importing and exporting all kinds of steel wires and spare parts and machines.

H Providing all kinds of high carbon steel wire.

I Providing all kinds of steel belts

R Providing all kinds of stainless steel wire

A Providing all kinds of machinery for wire and spring industries

D Providing car spare parts

Year of establishment: 2015

Total Space: 1500 m²

number of employees: 15 people

Major supplier of high-carbon wires in the form of coils and spools according to the standard EN10270-1

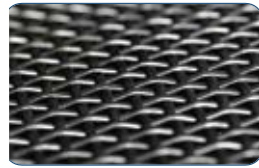

With strict adherence to tolerance, from size 01.0 to 41 mm can be used in automotive, spring, washer and brush industries, Serandi lace and...

Spring types

spring washer

welded wire mesh

Industrial brushes

High carbon wire

Coil spring steel wire

Coil spring steel wire

Supplying all kinds of spring steel wires in the form of coils and spools from the size of 0.20-10.00 mm, grades 430-204-202-302-304-310-316

Supplier of all kinds of specialized spare parts for car suspension system

- 1- Supplying the main shock absorber Mando+ with the main guarantee of Omid Group Companies
- 2- The official representative of Mando+ in Iran
- 3- Providing all kinds of car accessories with the best quality
- 4- Providing all kinds of car bearings with the best quality

Plus head

Car bearings

Plus

Gearbox head

- Providing all kinds of steel grades and good cutting for use in turning industry
- Supply of QHC steel for screws and rivets
- Supplying all kinds of carbon and stainless steel belts 301-403-613 and 27KC - 76KC - 54KC in raw and hardened form

Steel round shaft

well cut steel

Steel CHQ

Belt

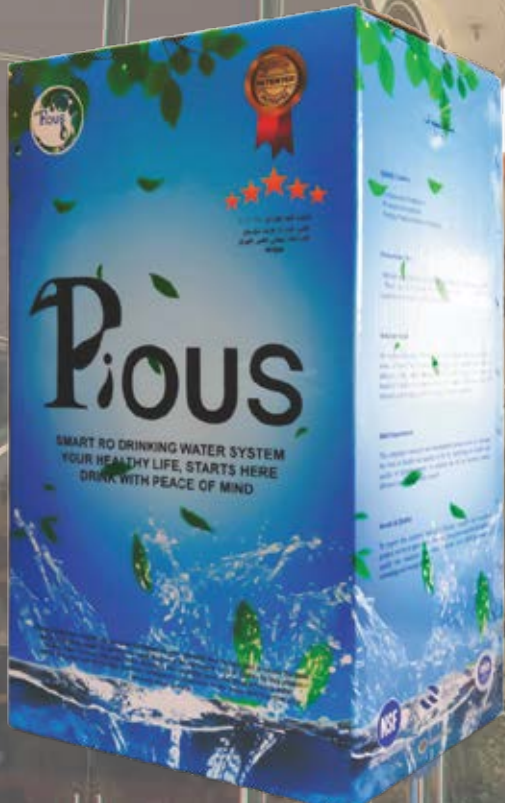

OMID SEPEHR PASARGAD
امید سپهر پاسارگاد

www.pioustec.com

Omid Sepehr Pasargad, with its significant capital and capable personnel in technical and commercial fields, has gained a special position in the country for rowater Purifier System in order to develop products and markets.
